Assalaamu 'alaykum wa rahmatullahi wa barakatuhu

Dear Parents / Guardians,

CAR PARK POLICY - UPDATED

Parents of students attending the madrasah on **both Saturday and Sunday** are welcome to drop off their children using the carpark in the morning on a first come first served basis.

However, unfortunately Saturday and Sunday parents are **not allowed** to access the school carpark **to pick up their children at the end of madrasah** due to increasing congestion and the fact that the carpark entrance and exit is via the same gate which leads to increased congestion.

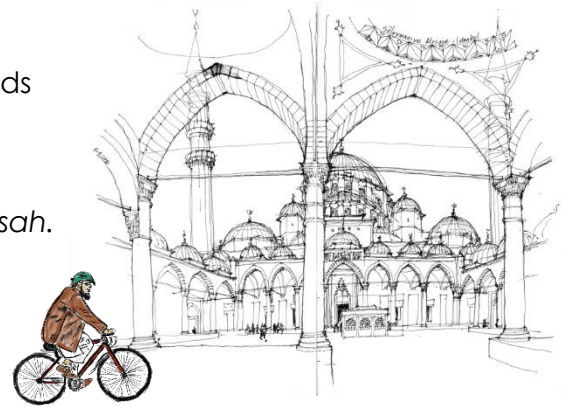

Unless you have children with special requirements and needs and the headteacher must be informed in writing.

Please park on the side roads where parking is permitted or a nearby carpark and collect your children from the madrasah.

Alternatively, we suggest and promote our students to cycle to madrasah

For all our policies please visit:

FEC RECOMMENDS: The 'Kiitab' for additional Qaidah H/W

'The Read & Rise book' along with 'Kiitab' allow your child to revise their madrasah lessons at home while listening to the words being pronounced perfectly and with little need of your supervision. This accelerates their progress and makes the experience a lot more fun along the way.

If you're looking for a fun, fast and firm way to fluent Quran recitation, then we definitely recommend the Kiitab!

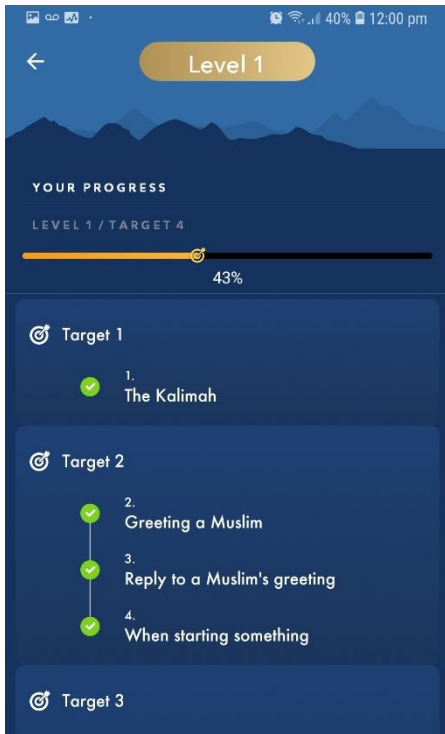

Learning Roots have kindly offered our madrasah parents a 30% discount on the **Kiitab** and **Read and Rise Book**. This offer is on the link below when you place in the basket

Build Your Mosque Project in Partnership with Blackhorse Workshop

**BLACKHORSE
WORKSHOP**

The purpose of this project is to give the keys of the future into the hands of those who will bring change for the better - insha-Allah. The theory aspect of this project will get our students to think deeply, responsibly and creatively about the Mosques of the present and the future. They will explore the history of this sacred space and how Muslims have built Mosques in the past from the most simplest to the most grandeur Mosques in the world. They will then think about the Mosques of the future and if they were given the resources and leadership to build a Mosque what they would include in the Masajid and how they will look.

After drafting their plans, they will then spend two days with professionals at the 'Blackhorse Workshop' building their Mosques using wood and other materials.

The Blackhorse Workshop have helped us by giving us subsidised prices per student.

There are only 15 places available for this project and for students aged between 8 - 16 years.

To avoid disappointment please **(1)** sign up online and make **(2)** payments on our website – link on the Home Page and also given below:
